The proposals outlined previously by Councillor K. Pickering were approved and Councillor J. Vernon indicated that he had been able to secure more favourable costs for the materials and identified a local person who was willing and able to do the necessary work. The Chairman proposed that he should discuss it in detail with the contractor and obtain a quote for the overall project. This was unanimously supported by Members.

(b) A53 Signage (24/102(b)).

Shropshire Councillor S. Jones reported that modifications had been carried out to some of the signs but Shropshire Council did not have sufficient resources to provide new ones. The Chairman asked him to secure a written statement from the Highways Department indicating that all the signs met the legal requirements. Councillor A. Foster pointed out that no action had been taken to replace the signage on the roads, parts of which were covered by new tarmac.

(c) Purchase and Planting of Trees 24/102(d).

Thanks and congratulations were expressed regarding the work carried out by Oakgate Nursery in providing and planting twelve excellent trees at a discounted price. The Chairman stated that he would arrange for a suitable notice showing that the trees had been donated by a local resident and purchased from and planted by Oakgate.

Criminal Damage/Arson -2 (Wem Road -1; Glebelands -1)

Public Order -2 (A53 -1; Aries Drive -1).

Shop Lifting -1 (A53).

Anti-Social Behaviour - 1 (Little Wytheford).

(b) RAF Shawbury:

Flt. Lt. Jones reported that:

(a) The trees on Wem Road had been inspected and any necessary action taken and also stated that all the trees were inspected annually.

(b) Night Flying would commence on January 20th, and continue for seven weeks.

(c) The development work was making good progress.

(c) Shropshire Council:

Shropshire Councillor S. Jones reported that:

(a) Public meetings will continue to be held at the Shirehall until at least mid-February. This will allow the necessary preparations to be completed and ensure the new meeting rooms are fully equipped to meet everyone's needs. It is anticipated that the council chamber at The Guildhall will be ready for the Full Council Meeting on Thursday 27 February 2025.

(b) The average increase for local Government has been about 6% however Shropshire's in comparison including the increase in Council Tax is 3.1%.

The extra money allocated to address the increase in National Insurance and the minimum wage in Adult Social Care that is supposed to help both the Council and our Care Providers will not even cover our own increased costs let alone an uplift to the care providers who are now requesting an uplift of between 35% to 50%. This is not a sustainable position. Shropshire sees the third lowest increase out of more than 180 councils.

(c) The removal of a rural services delivery grant worth around £9m is a key pressure for Shropshire, as well as a major reduction in social care funding, effectively representing a 'loss' of £16m. As a large rural county, Shropshire is faced with extra costs for waste collection and disposal, housing, social services, education, transport to school, road maintenance and leisure and library services. When people are spread out over such a large area, it costs more to provide local services.

(d) The inspectors have now found further issues with the key planning strategy and the government is now saying we need to build 1900 properties a year nearly double the 1100 we say we need. Telford by comparison has had their 800pa reduced to 400pa.

(e) I am aware of the petition calling for the reversal of the HRC booking system but the alternative to this that was previously looked into was the full closure of 2 of the 5 HRC's. There has always been absolutely no excuse or justification for fly tipping this is criminal activity to make a fast buck. If residents are paying someone to dispose of their rubbish it then becomes commercial waste and the resident is responsible to ensure that their rubbish is disposed of in the correct commercial manner.

(f) Residents who have received a letter to ask their views on adult social care, are being reminded to complete it. The annual Personal Social Services Adult Social Care Survey England (ASCS) will run until March 2024 with reminders issued in February for anyone who doesn't respond.

24/123 Planning:**(a) Applications:**

No applications had been received since the last meeting.

(b) The following application has been refused by Shropshire Council:

24/122 Committee and Other Reports.

The Vice Chairman reported that he would be attending the following meetings:

SALC Area Committee on Monday 20th. January.
